Dear Mr. Lundall:

As I reflect upon my recent visit to various Washington agencies, the briefing and the hospitality at your headquarters stands out as the principal highlight.

I appreciate fully the time and effort it takes to brief the endless visitors that I am sure are interested in your unique operation. Please be assured that the education you gave me will be put to good use in the months to come.

The informal luncheon on "your porch" was just right. My thanks to you and to your very efficient secretary who supervised the details. Be sure and tell her that I will advertise throughout the Services that she builds the best club sandwiches in the Washington area.

Again, many thanks for your courtesies.

Sincerely,

Brigadier General, U. S. Marine Corps
